

Pennies for Poverty: 2 Cents 4 Change

2 Cents Small Grant

Part of Pennies for Poverty: 2 Cents 4 Change's mission is to raise funds for new initiatives that raise people out of poverty by soliciting 2 cents per day from all the residents of Newburyport. One hundred percent of the money raised will be available as grants to local service agencies for new initiatives or to fund existing programs under certain circumstances. Two forms of grants will be given out: annual grants (for larger projects which are new initiatives) and small grants for specific items that are a current need or an increased need. Grants are only given to organizations or individuals who serve the poor in Newburyport and are not given for administrative or overhead expenses.
